

FALL 2019 YARD WASTE PICKUP SCHEDULE

This year, there is a schedule change for yard waste pickup. Instead of Saturday pickup dates, the yard waste will be picked up on the municipal customer's normal trash pickup day. For example, if you get your trash picked up on Mondays, you will get your yard waste picked up on Mondays for four consecutive weeks. Please follow the advisement below for what is allowed for the yard waste.

For customers on the Town Trash System, Republic Services will be picking up leaves, twigs, and lawn clippings in biodegradable bags or open containers weighing less than 50 lbs.

Republic will be picking up yard waste during the following weeks, Monday Through Friday. The yard waste pickup will occur on your normal trash pickup day during these weeks:

**October 28-November 1
November 4-8
November 11-15
November 18-22**

All yard waste must be at the curb by 7:00 am

Please note that for twigs and branches, the maximum diameter is 3 inches and maximum length is 3 feet. All yard waste must be placed in biodegradable paper yard waste bags or open containers weighing less than 50 lbs. Yard waste in plastic bags will NOT be picked up. Please do NOT place yard waste in the trash or recycling totes issued by the town. If any ties are used to keep the twigs/brush together, it must be string or twine which is biodegradable, no plastic ties or tape.

Please call the Board of Health at 508-832-7703 with any questions.

Thank you & Happy Fall Cleanup!
